Belgian Doctor in Psychology **Elke Geraerts** held various positions at the universities of Harvard, St Andrews, Maastricht and Rotterdam. She is founder of Better Minds at Work, specializing in increasing mental resilience, energy and productivity of employees. Her big breakthrough came with her bestseller Mentaal Kapitaal (Better Minds).

Entrepreneur **Joseph Oubelkas** has an incredible life story about resilience and will power. On a business trip to Morocco, Joseph got arrested and wrongfully put in prison with a 10-year sentence. He was able to prove his innocence and shared his extremely valuable life lessons in his book '100 letters from my mother'.

Margriet Sitskoorn is a neuropsychologist and professor of Clinical Neuropsychology at Tilburg University. She is perhaps the best-known brain expert in the Netherlands. She owes her fame to bestsellers such as 'The makeable brain' and her many TV appearances in popular science programs.

Serial entrepreneur **Michiel Muller** is Holland's most renowned business disruptor. He is founder and CEO of online supermarket Picnic. Michiel has an impressive track record of shaking up industries, founding unmanned petrol service station chain Tango and the road assistance company Route Mobiel.

Ikenna Azuike was host of Amsterdam Business Forum in 2022. He shared the stage with speakers like Yuval Noah Harari, Amy Edmondson and Usain Bolt. Yet the highest rated speaker of this event was not one of those speakers. It was ... the host: Ikenna. With a rating of 9,22/10. There was no doubt: Ikenna has to return to Amsterdam Business Forum.
